Senior Services Commission SSSII Report October 5, 2021 at 9:00am

Programming, clinics and presentations:

- Nursing Home, Medicaid and Elder Law Workshop- Thursday, Oct. 7th at 1:00pm
- Medicare Annual Enrollment Presentation- Monday, Oct. 18th at 1:00pm
- Movie Matinee- Thursday, Oct. 21st at 2:00pm
- Blood Pressure Screening and Quality of Life Survey by Rivier University Nurse Practitioner students- Tuesday, Oct. 26th from 9:00am to 1:00pm

Kim met with MCPHS Students. Plans are being made to have the students return to the center this winter to conduct 3 classes. Announcement will be made when the time gets closer. MCPHS has been coming since 2017, but were unable to last year because of Covid19. We hope this year we will be able to have them come back!

Staff makes sure the center adheres to CDC guidelines and guidance from the Health Department.

- Masks are available and encouraged
- Sanitizing stations are available throughout the center

Administrative

The senior center had a Fire and Life Safety Inspection in September. Proud to say we passed and were told "Great job being mindful of fire and life safety."

Friends of the Cashin Senior Center

Sponsored Palace Theatre show featuring Queen of the Night: A Whitney Houston Tribute on September 25th some of the members that went shared how great they thought the show was.

Sponsored Lobster Bake on September 27th. This year the Lobster Bake was at the Hill Restaurant at McIntyre Ski Area. As in years past there were raffles and entertainment. Lots of positive comments about the event.

Sponsoring Fall Foliage Trip on October 18th. This trip to the white Mountains includes luxury motor coach transportation, lunch, customary gratuity for driver and tour director.

A proposal was made to the Friends of the Cashin Senior Center for 2 digital screens. The Friends voted to donate the funds. These screens will be mounted on the walls by both reception areas. The screens will display announcements, have pictures, activities for that day and much more!

Building/property maintenance

Tree obstructing handicap parking space was trimmed and the tree next to it was cut down. The wrong tree was cut down so the tree still hangs over handicap parking space, but was trimmed.

Worker order submitted for piece of wood trim falling off of building

Respectfully Submitted,
Kim Drohan, Senior Services Specialist II
